

PRESENTING YOUR SCHOOL IN THE BEST LIGHT

CAN YOU GIVE AN ACCURATE PICTURE OF YOUR SCHOOL? ITS CONTEXT?

This one-to-one session will allow you to be concise and review key documents in a supportive environment.

This is also a unique opportunity for your subject/pastoral leaders to present the key strengths, key areas of improvement and make links to the school improvement plan within the area they lead.

Bernard Sénier is an expert practitioner in the field of innovative teaching and learning methodologies with 30 years experience in the educational field. In 2002 he took part in a Department for Education research scholarship programme where he researched and developed the Modern Languages Pedagogy through a Multi-Sensory Approach. In 2004, he joined the UK Government Department for Education where he led the development of inspirational resources for teaching and professional development used nationally.

Bernard trains teachers and managers on various educational improvement programmes to enhance teachers and managers' understanding of pedagogies and strategic school improvement. He currently works as a lead reviewer with schools and academies via the Challenge Partners programme.

These sessions will take place on

Friday 15th October 2021 From 9:00 - 5:00pm
